(Indianapolis) Lt. Governor Becky Skillman has announced 11 companies in Indiana have been selected as part of the Conserving Hoosier Industrial Power (CHIP) grant program. CHIP made \$2.2 million available for energy efficiency upgrades to commercial or industrial facilities in Indiana. The grants, ranging from \$52,000 to \$400,000 were awarded through a competitive process.

“These companies will now be able to make significant reductions in their energy consumption,” said Lt. Governor Becky Skillman. “Industrial users are the largest energy users in Indiana. Now these 11 companies can be among the largest energy savers as well. Every dollar that is saved through energy efficiency can go toward business retention and jobs.”

The grantees are:

Company/Organization	Facility Location	Grant Amount
Analytical Engineering, Inc.	Columbus (Bartholomew)	\$200,000.00
ArcelorMittal Burns Harbor	Burns Harbor (Porter)	\$375,693.00
Atlas Foundry	Marion (Grant)	\$121,424.00
Frito-Lay, Inc.	Frankfort (Clinton)	\$400,000.00
Haynes International, Inc.	Kokomo (Howard)	\$200,100.00
Koetter & Smith, Inc	Borden (Floyd)	\$ 76,653.00
Louisiana Pacific	Middlebury (Elkhart)	\$115,000.00
Minnich Poultry	Portland (Jay)	\$ 52,117.00
Perennial Washington Street, LLC	Indianapolis (Marion)	\$400,000.00
ThyssenKrupp Waupaca Plant 5	Tell City (Perry)	\$ 61,163.00
Vertellus Specialties Inc	Indianapolis (Marion)	\$200,000.00

Eligible project technologies included lighting, lighting controls/sensor, chillers, furnaces, boilers, heat pumps and building insulation. The CHIP program is funded through federal American Recovery and Reinvestment Act (ARRA) funds and is administered through the Indiana Office of Energy Development, which Lt. Governor Skillman oversees.
